

JAMIE PARKER

Senior Software Engineer · Berlin, Germany · jamie.parker@example.com · github.com/jparker

EXPERIENCE

Staff Engineer — Renderly GmbH 2022 – Present

- Led the rewrite of a document rendering pipeline in Rust, cutting p95 latency from 4.1 s to 800 ms.
- Designed a font-fallback subsystem covering CJK and RTL scripts used by 2,300+ enterprise tenants.
- Mentored 6 engineers; introduced golden-file visual regression testing.

Software Engineer — CloudDocs Inc. 2018 – 2022

- Built OOXML parsers (DOCX/XLSX) handling 40 M documents/month.
- Shipped conditional-formatting rendering for a spreadsheet viewer.

EDUCATION

B.Sc. Computer Science — Technical University of Munich 2014 – 2018

SKILLS

- Rust, TypeScript, Python · PDF/Typst internals · OOXML (ECMA-376) · Distributed systems
